

Film-making

During the last four weeks of this half term, pupils from The King's School will be working together to produce a film about the history of the School. Facilitated by a team from Gallagher Productions, pupils will be involved in all aspects of the filmmaking process, from researching to presenting and producing.

The project will mainly involve pupils from Year 9, but there will also be opportunities for many others to be involved at some level. This is an exciting project to be a part of, particularly at such a momentous time in the life of the School. We would like to take this opportunity to thank the team at Gallagher Productions for making the project possible.
